FORESTRY MOVEMENT

Planting Trees Along the Government Road

DEEP LAID CONSPIRACY

To Make the Way to Roosevelt More Inviting. The Land Owners Aided and Abetted by Government Officials.

There is a concerted plan at the present time to induce the ranchers along the Roosevelt road between Mesa and the Eastern canal to plant some desirable shade trees, such as eucalyptus or pepper, on either side of the road. The results of such move if successfully carried out are obvious. The Roosevelt road for a long time will be an important thoroughfare. It is the only way to the Tonto dam as well as for those who are taking a trip to the mountains for the summer months. Upon the completion of the all hauling contract it will mean the taking off of the heavy wagons which are directly responsible for the chuck holes and other disagreeable features of a smooth track. While there will always be more or less heavy loads going over the road, the amount will be considerably lessened upon the completion of the plan.

Practically every land owner between the Consolidated canal and the Eastern on the south side of the road have signified their intention of adopting the plan of planting trees. The Wallace ranch and the L. R. Johnson ranch and others are already planted. The irrigation water for the trees will be easily attended to as the planting will be done along the lateral. The disposition of the ranchers living on the north side of the road has not been determined, but it is presumed that a part of them at least would be willing to come in on the proposition. They will doubtless realize the effort it would have on increasing the value of their lands as well as making the Roosevelt road through the irrigated district a boulevard.

It is known that the government of

WOMEN OF MIDDLE AGE

Need Lydia E. Pinkham's Vegetable Compound

Brookfield, Me.—Two years ago I was unable to do any kind of work and only weighed 115 pounds. My trouble dates back to the time that women may expect nature to bring on them the change of life. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it made me feel much better, and I have continued its use. I am very grateful to you for the good health I am now enjoying.—Mrs. SARAH L. HARRINGTON, 418 S. Livingston Street, Brookfield, Me.

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female trouble—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pain, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Officials are heartily in favor of the plan and have given it their endorsement. There is probably no other automobile road in the United States over which more distinguished men have passed than that between here and the dam. The planting of trees will make an impression that will be one of gratitude to those who travel that way.

EAR BADLY TORN.
While riding a horse at full speed after a bunch of cattle, James Gilson, employed at the Chandler ranch, was thrown to the ground on account of the horse falling, and his ear was torn half off. The news of the accident was telephoned to town and from the meager information received it was thought that the accident was much worse than it afterward turned out to be. Drs. Drane and Nelson took one of the Mesa garage autos and with William Kimball in driver reached the scene of the accident, a distance of over seven miles, in something like fifteen minutes.

CHANGE OF FIRM.
The Mesa Cleaning and Dry works, which has heretofore been under the management of R. C. Plenty, has increased its business until another man was required. Joe Williams, who for years has occupied the place shining stand in front of the Palace barber shop, has entered the firm and will in no wise detract from the rapid strides being set by Mr. Plenty. Joe by the way has been making money all these years that he has been patiently brushing the shoes of Mesa people. He is the owner of a splendid ranch near town, and has enough saved up for a rainy day—that is in the event it should ever rain.

SHEEPMEN HAVE NOT BEEN SO UNFORTUNATE

The Industry Has Suffered Less Than Was Supposed.

James Scott, who has just completed the shearing of his sheep, which were wintered on the desert near the foothills east of town, reports that his hands are crossing the river at the present time. The first bunches were started across yesterday. One of the things for which Mr. Scott has reason to be thankful for is the condition in which he found his animals. The impression has gained some headway that the sheep were in very poor condition. This, Mr. Scott says, is not true to a very great extent with his hands. He reports that the animals are in much better condition than he expected and that they are going into the hills in good condition. The reports to the effect that the northern part of the territory has been visited with rains also came as good news to the sheepmen who are taking their herds in that direction.

The result of the clipping has also developed that the average this year is up to the standard of recent years.

NEWS NOTES.

The following Mesa people were Phoenix visitors yesterday: Mrs. Amy Allen, Mrs. Leonard Lewis, Mrs. Chas. Granger, D. D. Smith and Jack Lanfer.

H. W. Hamilton of Eureka, California, was a Mesa visitor. Mr. Hamilton is a holder of some south side property and came here to look after it.

Charles Johnson is confined to his home east of the city with rheumatism.

Don Steele, a rancher living near Phoenix, was a Mesa business visitor yesterday.

Miss Francelle Pomero returned Wednesday evening from Bluewater, New Mexico, where she has been for the past several months.

G. P. Harper, representing the Modern Woodmen lodge, is in the city in the interests of his order. Mr. Harper has found about seventeen members of the order here, and at least a dozen of them will transfer to the new camp when it is organized. A sufficient number of applicants were secured several days ago to secure the location of a camp at this place, and the new organization at Mesa is assured.

M. L. Pratt left for Missouri yesterday morning and will visit several points of interest between here and St. Louis. Mr. Pratt has spent his winter in Arizona and expects to return again next season.

W. H. Wallace arrived in the city yesterday evening from a several days' trip through Mexico.

Ans. Tiffney has purchased two lots in the LeBaron addition through the Arizona Land company.

Mr. and Mrs. Walter Lewis and children returned from Phoenix yesterday after a visit of several days with relatives and friends.

COOKED FOOD SALE.

The young ladies of the M. L. A. are planning for a cooked food sale Saturday afternoon, April 2. In connection with the food sale, where a supply of good things may be purchased for the fund-raising dinner, a bazaar will also be held where fancy and useful articles may be had.

TAG DAY PROCEEDS.

The report of the proceeds of tag day, Saturday, were given out at a meeting of the ladies of the W. C. T. U. at the home of Mrs. L. W. Stilwell Tuesday afternoon. The proceeds, which amounted to \$28.55, were divided up among the local, territorial and national organizations, one-third going to each.

LANDS WILL BE WATERED.

Upon the request of the priority water user the land belonging to William Anderson, it is understood, has been made subject to irrigation. A number of tracts, however, were reported as not coming under this fortunate distinction after attempts were made to introduce evidence.

THE EXCURSION MIX-UP TO BE INVESTIGATED

Matter Up.

To find out the reason why the Mesa reception committee was misinformed as to the arrival of the Los Angeles excursion, resulting in a general miscarriage of plans, is one of the problems that is up to a special committee composed of Dr. R. F. Palmer, J. L. Waring and Macdonald. W. T. Payne brought the matter before the directors and urged that a vigorous investigation be prosecuted and determine if possible just where the blame should be placed.

The matter of the business men's banquet was taken up and the arrangements committee was instructed to perfect plans for the event. In this connection the finance committee was also instructed that funds for the use of the chamber of commerce were welcome at all times and would be accepted in any amount.

John A. Reeves, representing "Arizona," a new magazine which is being published at Phoenix, appeared before the board and presented his plan for giving Mesa space in his periodical. The proposition was accepted and an ad. will be run regularly in the magazine. The advertising committee was instructed to prepare the necessary copy for use by the magazine.

WATER WILL GO OUT SUNDAY.

Several parties of the south side have questioned the government officials in regard to turning the water out of the Mesa canal, some of them desiring to have the time extended for the repairing of the head gates, but it is given out positively that the water will be turned out next Sunday morning. Those lower on the ditch will of course be getting water for a portion of the day, as it takes the water to run out after the gates are closed.

WORK ON MAHONEY BUILDING.

Contractors Shill & Johnson yesterday commenced work on the new Mahoney building. The sand and a number of the brick are on the ground and it is understood that work will be rushed along.

GOVERNOR'S PARTY EN ROUTE.

Governor Sloan and party, who passed through here a few days ago on their way to Roosevelt, stopped in Mesa yesterday for a few minutes en route to Phoenix.

WILL ERECT HOUSE.

Ed. Morris has purchased a lot through the Arizona Land company in the Home addition, and will soon commence the erection of a house.

LADIES' AID MEETING.

The Ladies' Aid of the Baptist church held an all-day session yesterday at the home of Mrs. W. N. Amos.

ELECTIONS CALLED IN INTEREST OF EDUCATION

New Trustee and a Bond Issue Are Involved.

Two elections have been called, one to be held at the high school building next Saturday for the purpose of electing a trustee, and the other a bond election to be held at the north grammar school building Saturday, April 8. The first mentioned election, which will be held next Saturday, is to elect a successor to H. L. Chandler, whose term expires. The officers of the election have been named as follows: J. W. Hagerlund, inspector; Joe Montgomery and C. M. Reimball, judges; D. A. LeBaron and H. W. Lee, clerks, and Henry Coleman, marshal.

EASTER SOCIAL AT M. E. CHURCH.

The arrangements for an Easter social have been completed and will be given at the M. E. church Friday evening, beginning promptly at 8 o'clock.

"Nature's Gift from the Sunny South"

"Way Down South in the Land of Cotton"

If you could see cotton growing in the field in all its purity—could see the processes by which the cotton seed oil is extracted and refined—could know the ingenuity involved in rendering the oil odorless and neutral in taste—could be made to realize that from Cottonfield to Kitchen human hands never touch the oil from which Cottoleone is made—you would appreciate why Cottoleone is so much purer and more healthful than lard ever could be.

Cottoleone is a cleanly, wholesome product—just as pure as olive oil—and makes food palatable, digestible and healthful. Lard-cooked food is bound to cause indigestion sooner or later, unless you have the stomach of an ostrich. For all shortening and frying purposes, Cottoleone is without an equal.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottoleone a fair test.

Never Sold in Bulk Cottoleone is packed in pails with an air tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

New Edison Records for APRIL

—together with three special Records from the May list—all on sale March 25th

Is there a Phonograph in your home? Just read through this list of Standard (two minute) and Amberol (four minute) Records, to say nothing of the three special Records, "By the Light of the Silvery Moon"—made in both Edison Standard and Amberol Records—and the "Cubanola Glide," rushed through a month ahead of time in order to reach you at the height of their popularity. Consider the diversity of musical taste to which it appeals, and see if you don't find a big incentive for having an Edison Phonograph in your home.
